

Energy Workshop for Barcelona City Council

A nighttime photograph of Barcelona, Spain, showing a panoramic view of the city. In the foreground, the Font de Canaletes is visible, a tall column topped with a statue of a man. The city is illuminated with warm yellow lights from street lamps and buildings, contrasting with the dark blue night sky. The background shows the city extending to the sea, with various buildings and structures lit up.

Place: centre Cívic Pati Llimona. C/ Regomir 8
October 17th, 2012
